## PROFESSIONAL SUMMARY

Full Stack Web Developer with over 5 years of experience specializing in modern web applications and SaaS platforms. Proficient in Java, Node.js, and AWS, with a strong focus on enhancing user experience and deployment efficiency through CI/CD practices and automated testing.

## AREAS OF EXPERTISE

**Skills:** TypeScript, Java, Node.js, React.js, Bootstrap, Microservices, Agile, SCRUM, Angular, PostgreSQL, Postman, MongoDB, Tailwind CSS, Spring Framework, AWS, JavaScript, RxJs, REST APIs, GraphQL, Docker, Swagger, OpenAPI, RabbitMQ, Apache Kafka, Spring Boot, gRPC, Git, Github Actions, HTML/CSS, React Native

**Languages:** German, Spanish, Portuguese

## KEY ACHIEVEMENTS

- Upgraded multiple projects to meet modern Angular and security standards.
- Introduced cloud-based test environments, reducing production bugs and improving delivery speed by 30%.
- Improved customer satisfaction by enhancing Agile delivery cadence.

## PROFESSIONAL EXPERIENCE

### M9 Solution

Full Stack Web Developer

January 2022 - Present

Remote

- M9 Solution offers customized software solutions to clients across various industries.
- Led the modernization of a SaaS web platform for church management, migrating the entire UI from legacy Angular to Angular 17, Bootstrap 5, and mobile-friendly.
- Applied lazy loading, Signals, and RxJS observables to optimize component rendering and asynchronous data handling, reducing page load time by 40%.
- Developed and deployed scalable back-end services using Java and Node.js, integrating with Postgres databases and leveraging microservices architecture to enhance system performance and reliability.
- Implemented AWS pipeline for application hosting, improving uptime and deployment efficiency.
- Collaborated with developers, product managers, and QA engineers to ensure cross-platform optimization.
- Oversaw automated testing and CI/CD workflows, ensuring secure and seamless deployments.
- Produced technical documentation and contributed to code reviews.

### Clever Church Software Corp

Full Stack Web Developer

June 2021 - December 2021

Remote

- Built and maintained a React with TypeScript codebase optimized for mobile and web responsiveness, implementing state management and improving user experience.
- Developed and maintained core features of a SaaS platform serving religious institutions, enhancing application performance and reliability.
- Designed RESTful APIs and integrated automated testing pipelines to ensure continuous delivery, reducing deployment time by 30%.

## EDUCATION

### Fundação Getúlio Vargas

MBA, Business

### IGTI

Master's, Mobile Software Development

### Universidade de Brasília (UnB)

Bachelor's, Industrial Design

## CERTIFICATIONS

### AWS Certified Developer – Associate

Amazon Web Services (AWS)

Issued Mar 2025
